It also controls the town of Lintung (119-58,43-51)

3. In each banner government, regardless of the number of Chinese in the banner, a Chinese Self-government Section has been established to carry on the political and administrative affairs and reconstruction work among the Chinese people in the area. This is in addition to the Chinese Self-Government Areas established in Ongniud Left Banner, Aro Khorchin Banner, and Jarod Banner and the Chinese Executive Committee in Lintung.
4. A Chao-Wu-Ta League branch of the Inner Mongolian Self-Government United Society has also been established. WI-LI-CHING-NA-JEN is the director and NA-SU-TU is the vice-director. Its most important work at present is the training of key members and the mobilization of the masses [REDACTED] comment: "mobilization of the masses" probably means political education of the common people.) With these two ends in view, a Mongolian Youth Training Class of 150 men has been established. Courses taught are: "The Way to Inner Mongolian Self-government", "Civilian Movement", "Reconstruction" and "Studies of Current Affairs". The training period is three months. After graduation the trainees are dispatched to work in one banner first. After obtaining experience, the members of the training class are to extend their sphere and work in all the banners.
